

## **FISCAL NOTE**

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 9, 1996

SUBJECT: **SB 2266 - HB 2741**

This bill, if enacted, will provide for a license plate for antique motor vehicles which allows for general usage, as opposed to the existing antique license which allows only for special events. Antique motor vehicle is defined as any unmodified motor vehicle over 25 years old. The new antique license plate will have a one time fee of \$25, rather than the current annual fee of \$25.

The fiscal impact of this bill is estimated to decrease state revenues because of the loss of annual renewal fees, but the amount cannot be determined because the number of motor vehicle owners that will purchase the new plate is not known. However, it is estimated that the decrease will be greater than \$100,000.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
